Platinum Jubilee Path

This footpath route was created to celebrate the Queen's Platinum Jubilee 2022. Five local schools designed the way-markers, which show local wildlife and landmarks.

The whole loop is approximately 6km which should take about 2 hours to walk at a comfortable pace. If you're doing half a loop have a go at the 'How many' questions. If you're doing the whole loop solve the crossword to reveal what we're celebrating!

The way markers that relate to the crossword have captions in green rather than black.
